I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: After taking quite a few different hormones over a 10 year period, and suffering from sleeplessness and anxiety, I finally found a doctor who prescribed a specially compounded hormone Rx. It has made a huge difference! I sleep now! Please don't do anything to change the ability to receive special compounds.
